

EMPEX MTN Conference 2022
Sponsorship Prospectus

Thank you for your interest in supporting EMPEX MTN.

EMPEX MTN is the continuation of EMPEX conferences that began in New York, expanded to Los Angeles, and now for the first time is in Salt Lake City.

The EMPEX conferences are the premier regional Elixir conferences in the US, with a focus on deeply technical content in interesting venues, and with flourishes that make the conference stand apart from all others.

Conference Overview

The EMPEX conference brand is well-known from the 7 previous conferences we have hosted in New York City and Los Angeles over the last 5 years.

EMPEX has over 1000 Twitter followers, and an email list of over 2500. Based on data from previous EMPEX conferences, we expect 80-100 attendees. 75% of previous attendees have over 5 years programming experience, and 50% have over 10 years.

EMPEX MTN is a one day, single-track conference hosted in downtown Salt Lake City on May 6th, 2022.

Talks will focus on deeply technical content, from an expansive set of topics that will be interesting to aspiring and existing Elixir engineers alike.

Sponsorship Opportunities

As the platinum sponsor of EMPEX MTN, your brand will be directly associated with the premier Elixir event in Utah.
